MEDICINE HAT HIGH SCHOOL

EXCERPTS FROM OUR MHHS HANDBOOK

Principal's Invitation to Use Our Handbook

Medicine Hat High School is a strong, vibrant school which has truly unique characteristics. The population is approximately 1,400 students in grades VIII to XII. The comprehensive nature of the school serves all of South Eastern Alberta. A variety of programs in academics, technical education, business education and the arts stress excellence in every area of student development. These programs are supplemented by over sixty clubs and activities acting under the auspices of the two student councils.

The major function of this hand-book is to familiarize students, as well as parents, with the school, its policies, its operation and student activities.

How well students do at Medicine Hat High School is a combination of many factors. The greatest single factor is student involvement. I urge all students to get involved with in-class and out of class activities. How much our students get out of their attendance here is directly proportional to their investment of time and energy.

Very best wishes are extended to each and every student who reads these pages.

GENERAL INFORMATION

General School Goals

Each year the administration and staff of MHHS set three goals for the school year. In 1984-85 the following goals have been identified:

1. To make the library an integrated part of the school program.
2. To enhance the percentage of pupil attendance and to develop policies and procedures consistent with our beliefs.
3. To improve academic excellence school wide by:
 - a) developing student writing skills throughout the curriculum.
 - b) developing policies and procedures which may make homework more effective.

EXCELLENCE

The administration and staff do not apologize for having high expectations of themselves and their students. They know that all of us do our best when we are challenged to excel. You will be challenged often to do your best!

Excellence is not a station to be arrived at, but rather a way of travelling. The pursuit of excellence is a highly valued characteristic which we try to develop in each student at our school. Simply put, the pursuit of excellence is trying to do our very best in whatever we attempt to accomplish. The pursuit of excellence applies not only in our regular daily work but in school teams, clubs and in our relationships with one another. We know that this leads to success. Success in turn reinforces the positive self concept we all need.

We know of no reason to travel the "low road" when the "high road" can be travelled with the same ease. This determination to excel is the hallmark which leads to the greatness of our school.

We invite you, the student, to be part of this team in our pursuit of excellence. Accept the challenge!

1984-85 was an active year for all facets of Medicine Hat High School — academic, sports, and extra-curricular activities.

Our small staff of two and staff advisor, worked long hours to produce a yearbook worthy of our school. We hope that we have reached our goal.

Right now, we would like to apologize to those students whose names we did not spell correctly, missed, etc. The yearbook staff is sorry for any errors that can be found in this book.

We would like to thank our advisor, Mr. Rodnunsky, a special thank you to Mr. Mueller, our photographer, say "good luck" to the grads, welcome all 1985-86 students and say thank you to all who helped us out in any way.

PRINCIPAL'S MESSAGE

This year we adopted a new code, "Dedicated to EXCELLENCE". To those of us who take this code seriously it has a wide range of meanings. To some it means excellence in academics. To some it means excellence in arts. To some it means excellence in technical areas or business areas. Whatever the bent is, it means being the very best one can be. The Excellence is a special goal to be placed above the rest, for this is a special goal of emotional conviction.

In many areas this year excellence has been achieved both outside of and through school activities. I congratulate those who have had high achievement in any area and there are many of you. I take this opportunity to challenge each of you to a "personal best" in the coming year.

To each of the graduates I extend very best wishes for the future. You can go forth in the knowledge that you have received an excellent background for your future endeavours. Not only have you been inculcated with knowledge and skills but also with the desire for excellence.

To those who will be returning next year, we welcome you back. The dedicated and enthusiastic staff look forward to working with you so that you too, upon your graduation, will be able to face the future with competence and confidence.

D. J. Beresh
Principal

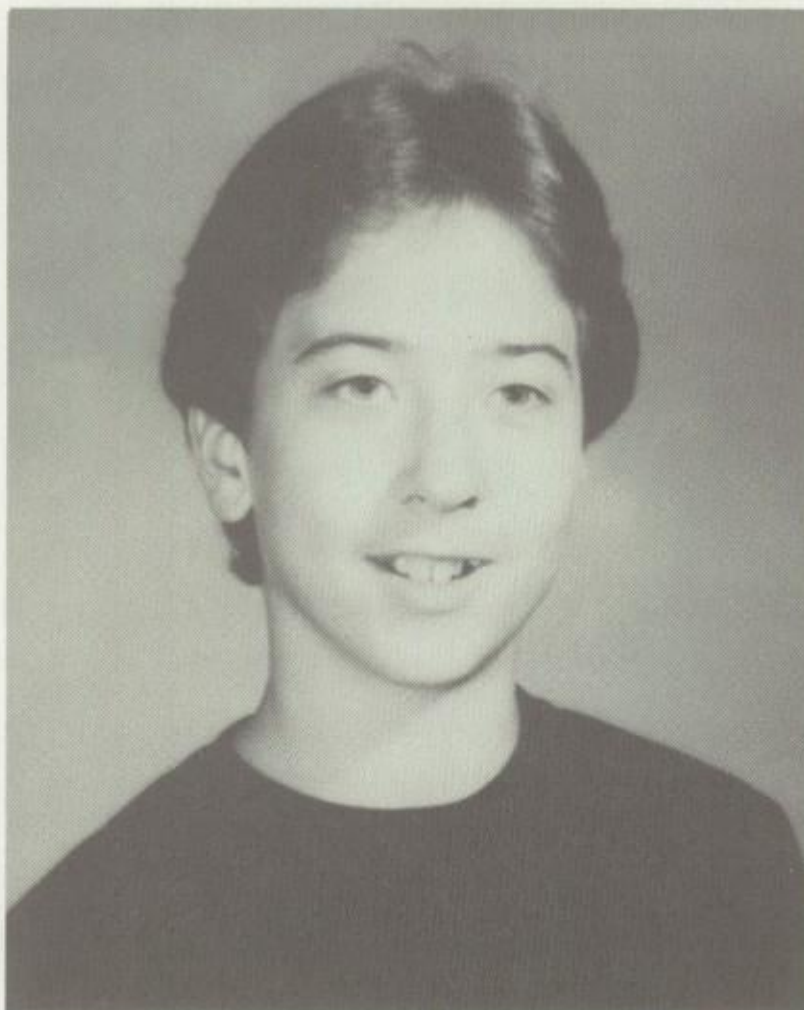

WELCOME TO MR. R. ZABLOCKI

who will be 'Acting Principal' for the school year 1985-86.

Mr. Zablocki took over the reins at the end of April, 1985.

Mr. Beresh has taken a leave of absence to further his education.

JUNIOR HIGH PRESIDENT

Being President of this year's Junior Student Council has taught me responsibility as well as making me aware of the functions taking place within our school. To have had the chance to organize and be in charge of these happenings has given me a sense of self achievement and pride in our student body.

The accomplishments seen this year have included the purchasing of ten trophies for the use in this year's and future years' intramural activities. I would like to thank Miss Poinjavic for helping considerably in the organization and supervision of the various noon hour activities.

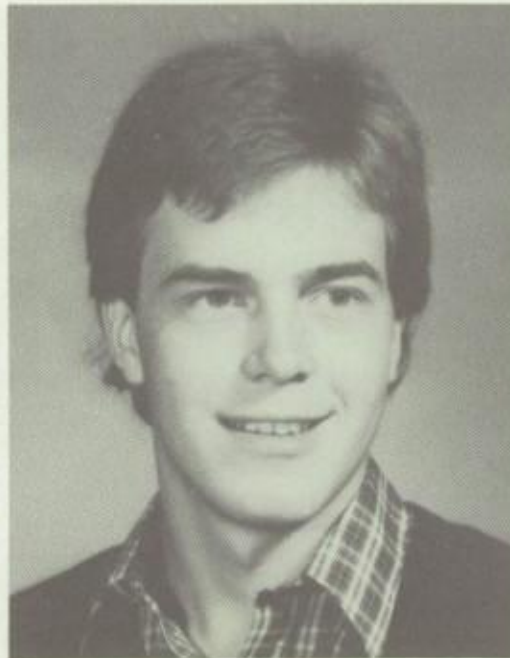

I have greatly appreciated the time and effort our teacher supervisor, Mr. Heggie, has dedicated to our council. Special thanks to the students who gave our council the support and help necessary to make this a most memorable year.

Best of luck in the future.

SENIOR HIGH PRESIDENT

I can truly say, "What a year this has been!" The 1984-85 school year saw a little bit of everything. There were individual efforts, group efforts, a few failures, and a great many successes — there was rarely a dull moment for the Senior Student Council.

It was also a year of growing and maturing for the council executive. The personal experiences gained will serve each of us well in the years to come.

The majority of the school's sports teams struggled through the 1984-85 season. To those teams that never gave up — you earned your own victories, to the fans that were always there — you made MHHS what it was.

Our school clubs and organizations saw a much better year. Most experienced increased membership and new, promising activities. It is my hope that school spirit will continue to spread in the upcoming year.

On the subject of school spirit, which I would define as enthusiasm in the things going on around you, for the most part during the year it was sparked by the introduction of something new — the Trischool Council. The Council was composed of the council executives from CHHS, McCoy, and MHHS. It was initiated late in the 1983-84 school year by our executive for the purpose of promoting better interschool relationships. During the year the Trischool Council promoted two major social events, a charity fundraiser and a few smaller activities. The Trischool Council concept undoubtedly was one of the major successes of the past year and future MHHS councils should strive to continue it.

The Council's success during the 1984-85 year was dependent on so many people. I must take this space to thank the following: the teachers, advisors, coaches, and sponsors of the numerous clubs, organizations and teams; the many room representatives that took their responsibility seriously; the parents and staff members that supported our endeavors; and the executive that spent countless hours to ensure success during the past year. To Social Director: Debbie Lentz, Intramural Director: Rhonda Schlenker, Secretary: Sande Lee, Treasurers: Scott Anderson and Glenn Adams, and Green and White Editor: Heather Rose — thank-you for your dedication and use of your abilities. To my Vice-President: Deanna Perschon, your constant support made the '84-85 council what it was; thanks. Deanna's ability to work with people and her perseverance will make her a great leader as President during the '85-86 year. And to our fearless Advisor Mr. Zablocki — we can never fully express our thanks for your time, dedication, and patience.

I would also like to take this opportunity to thank my personal friends for their support during my term as President. To you and to the councils of future years — I wish you all the best.

STAFF

Mr. John Barrie
'Master Teacher of M.H.H.S. for 1984-85'

Special Announcement!

Last year, the yearbook staff initiated a survey to discover the Master Teacher of M.H.H.S. for the year 1983-84. The response was very gratifying.

This year, we again made our survey and many teachers' names were forwarded; but the one teacher that topped the polls was Mr. John Barrie.

Mr. Barrie is a "master teacher" as he fulfills the criteria of a teacher (responsibilities and expectations) in every way. John Barrie's main concern is the education of students; and he has, in his own quiet and unobtrusive manner, developed a great rapport with all the young people he comes in contact with.

In addition to his academic prowess, Mr. Barrie devotes many hours taking part in extra-curricular activities, e.g., coaching, etc.

The students, parents, and School Board #76 are very fortunate to have this outstanding educator in our district. The yearbook staff is proud and honored to proclaim Mr. John Barrie, **Master Teacher** of M.H.H.S. for 1984-85.

We thank you for being on our staff.

GRAD PRESIDENT'S MESSAGE

Graduation is a "once-in-a-lifetime" event and as grad president, I was proud to have been part of organizing the graduation events.

The grad committee and advisors, however, are the backbone of graduation. This year's committee was one of the best and my thanks is extended to the committee members and advisors for their great effort and tremendous support.

The graduates must also be commended. After twelve years of seemingly endless homework and studying, all of us have received our diplomas and are preparing for bigger and better things. Looking back on our high school years, we will probably reminisce on how easy they were.

Toward all grads, my wish for each one of you is the best of luck in all your endeavours. And remember to "**Never give up on a dream,**" for the future is ours!

See you all at Grad Reunion!

"HAVE A SAFE GRAD"

VALEDICTORY ADDRESS

Good evening family, friends, teachers, honored guests, and fellow graduands. It is indeed an honor to be able to extend the final farewell on behalf of an outstanding graduating class.

What is graduation? Graduation is neither an end nor a beginning but a time for us to continue our journey through life as we meet many new challenges and strive for success. It is the accomplishment of the common goal we have been pursuing since we started school. At some point before this night, graduation was only a dream but now this dream is a reality. This is our night both to reminisce, and contemplate what lies ahead.

As we recall our high school years, we remember many fond moments. We have established many close friendships which we will treasure and hope to maintain in future years. We remember the skywalk, the place where we gathered with friends during our spare time, a place which will be fondly remembered. Our memories of team and club participation from which we have profited, have also prepared us for this night and for the paths which are before us. Graduation is a time to recall these high school memories which we will never be able to retrieve.

As a reminisce about our high school years, we also remember the troublesome times when our efforts seemed futile. Remember the time you sacrificed a party or movie to do research for an essay, which was finally returned with a redo note attached! Or remember trying to cram an entire semester of Math and Physics the night before two departmental exams?! At these anxious moments, it seemed as if we would never graduate but we have survived and we owe much gratitude to the many supportive people who have been at our sides.

First, we must thank our parents, who are sitting in the audience and probably saying, "It seems like just yesterday that they were starting Grade One!" You have shared our successes and our frustrations and have freely given us your advice, support, and understanding when needed. Your assistance, guidance, and love over the past twelve years have given us the motivation we needed to persevere and cope with our difficulties. Oftentimes you wished for us dreams greater than our own and we realize that you only want the best for us. Without the support of our parents, we might not be here tonight, so on behalf of all the graduands, I sincerely thank you.

We also must extend a tribute to the many fine teachers of Medicine Hat High School. You have helped us to mature and become responsible citizens ready to meet the challenges of society. You have sacrificed your time to help us when we had difficulties and also to organize and supervise many student activities. As well, you have taught us the importance of learning and broadening our horizons, which has helped us grow into better people. To our teachers, thank you, for we couldn't have done it without you.

Now that our dream of graduating is a reality, let us celebrate and take pride in our accomplishment as we prepare to pursue the goals and dreams we hold for the future. The diplomas we receive tonight are the keys to opening many doors that will lead to success and happiness.

Most graduands have made some plans for the future that will help them to fulfill their dreams. Some of their dreams include furthering their education and entering the work force. Although our present dreams may change many times before we actually find our true aspirations, the knowledge we have acquired will give us an advantage as we search for our dreams.

To each graduate I say, "**Congratulations!**" (You did it!) We are now ready to pursue our dreams and goals as we continue "En Avant," Forever Forward into the future.

Within our reach
lies every path
we ever dream of taking.
Within our power
lies every step
we ever dream of making.
Within our range
lies every joy
we ever dream of seeing . . .
Within ourselves
lies everything
we ever dream of being.

Thank you!
Carol Graves

TO THE GRADUATES OF 1985

This graduating class is the most fortunate ever. Access to a wide range of opportunity is unlimited. Think for a moment of: further education, careers, travel or relaxation, whatever it be, a host of choice is available in every field.

Along with this freedom of choice comes responsibility for it. Perfunctory choices made in a haphazard manner find little basis of support in our society. The best choices are those based on a conviction to a way of life. This conviction is the ultimate choice of how we choose to lead our lives, aptly described below.

The Ways
To every man there openeth
A Way and Ways and a Way
And the High Soul Climbs the Highway
And the Low Soul gropes the Low
And in between, on the misty flats
The rest drift to and fro
But to every man there openeth
A High way and a Low
And every man decideth
The Way his soul shall go
Oxenham

The choice is yours! Go forth in confidence. In you we place our trust.

I extend to the class of 1985 BEST WISHES for a successful journey through a life of choices.

A WISH FOR OUR GRADUATES

Success to the Graduates of 1985

"To laugh often and much; to win the respect of intelligent people and the affection of children; to earn the appreciation of honest critics and endure the betrayal of false friends; to appreciate beauty; to find the best in others; to leave the world a little better place than we found it, whether by a healthy child, a garden patch or a redeemed social condition; to know ever one life breathed easier because you lived. This is to have succeeded."

Bessie Anderson Stanley

Success is being friendly when another needs a friend . . .
It's the cheery words you speak and in the coins you lend . . .
Success is not alone in skill and deeds of daring great . . .
It's in the roses that you plant beside your garden gate . . .
Success is in the way you walk the paths of life each day . . .
It's in the little things you do and in the things you say . . .
Success is in the glad hello you give your fellow man . . .
It's in the laughter of your home and all the joys you plan . . .
Success is not in getting rich or rising high a fame . . .
It's not alone in winning goals which all men hope to claim . . .
It's in the man you are each day through happiness or care . . .
It's in the happy words you speak and in the smile you wear . . .
Success is being big of heart and clean and broad of mind . . .
It's being faithful to your friends and to the stranger, kind.

GRADUATION THEME

Never Give Up On A Dream

If there's doubt, and you're cold
Don't you worry what the future holds,
We gotta have heros to teach us all
To never give up on a dream.

To pave the road, Touch the sun
No force on earth could stop your run
When your heart bursts like the sun,
Never, never give up on a dream.

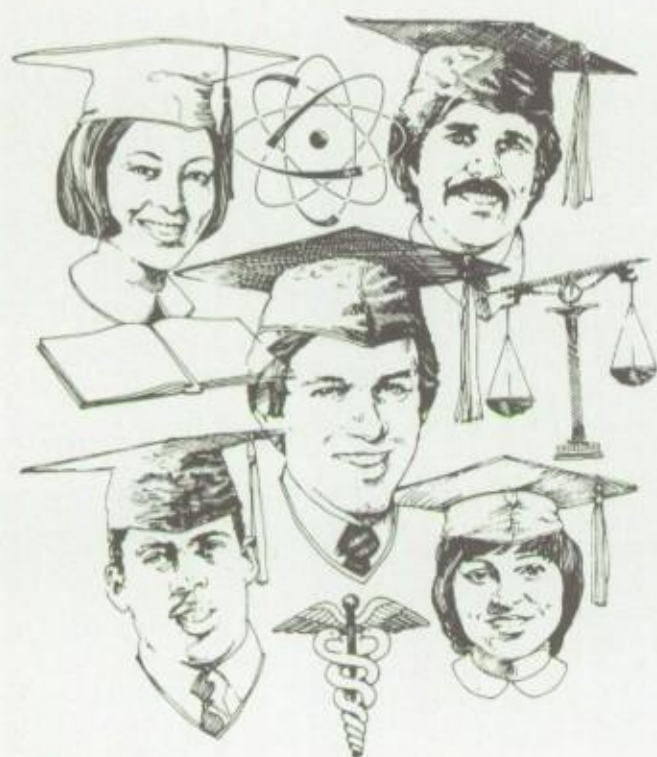

Shadows fall, daylight dies
Freedom never has a place to hide
Search forever for the finish line
But never give up on your dreams.

Crazy notions fill your head
You gotta break what the record says
Push yourself until the end
But don't you ever give up on a dream.

You don't need no restrictions
You can't live on sympathy
You just need to go the distance
That's all you need to be free.

Starting off to never lose
It will take a long time to fill your shoes
It will take somebody who's a lot like you
To never give up on a dream.
No, never give up on a dream.

Friends

— Michael W. Smith

Packing up the dreams God planted
In the fertile soil of you,
Can't believe the hopes He's granted
Means a chapter in your life is through.
But we'll keep you close, as always —
It won't even seem you've gone;
'Cause our hearts in big and small ways
Will keep the love that keeps us strong.

And friends are friends forever
If the Lord's the Lord of them;
And a friend will not say never
'Cause the welcome will not end.
Though it's hard to let you go,
In the Father's hands we know
That a lifetime's not too long
To live as friends.

With the faith and love God's given
Springing from the hope we know,
We will pray the joy you'll live in
Is the strength that now you show.
And we'll keep you close, as always —
It won't even seem you've gone;
'Cause our hearts, in big and small ways
Will keep the love that keeps us strong.

Randy Derheim Memorial Award

1983 marked the first year that a trophy was awarded for the most dedicated Mohawk Volleyball Player. It is known as the Randy Derheim Memorial Award in honour of a former Medicine Hat High School student who excelled in the sport at MHHS and later at Medicine Hat College.

Those who remember Randy recall a dedicated, caring, competitive individual who was a friend to all. As a coach I will always remember Randy as a young man who gave so much of himself to a sport he learned to love.

Randy will never reach the goals he set for himself but his family and friends hope that the trophy and award in his honour will benefit other young men like him.

The first recipient of the Randy Derheim Memorial Award was Terry Fischer. The recipient for the Randy Derheim Award (Most Devoted Player) was **Tim Krassman**. Tim was chosen by his team players as the most devoted player.

We would like to congratulate the following students who placed in the recent tournaments. In girls' doubles Jennifer and Rosalyn Schmitke placed second, in boys' singles Darren Szewaga placed second and in girls' singles Carmen Lonson placed second. We would like to extend a thanks to the members of the team who did not place in the top three in their division.

This year's junior badminton team consisted of 22 players: two in Grade 7, eight in Grade 8 and 12 in Grade 9. As usual the season was a relatively short one, six to eight weeks, and most of our time was spent practicing diligently for the city championships. These were held April 30, May 1 and May 2 at CHHS and McCoy. Team members who did very well at the finals were: Randy Chinook, Darren Szewaga, Carmen Lonson, Rosalind Schmitke and Jennifer Schmitke. Good work, Team!

No, contrary to popular belief, **Key Club** does not make keys! Key Club is a high school service organization open to students in Grades 9-12, sponsored by Kiwanis. The word "Key" stands for Kiwanis Educating Youth.

Over the past year, our club has gone through a rebuilding phase. In September, the club consisted of only four members, and we have since increased membership to 12; still relatively small for a school the size of MHHS. Despite the size, the club has been fairly active — holding fundraisers and doing service projects for both the school and the community. At the Annual Western Canada District Convention held this past April in Thunder Bay, Ontario, the club was the recipient of several awards: First Place for Achievement Report, Runner-up for Single Service Project and Best Club in Division 4 of the Western Canada District.

One of our major goals for the coming year is to increase our membership with the hopes of becoming much more active within our school and the community.

EXCHANGE STUDENTS

German-Canadian Exchange 1984-85

For the first time in MHHS history two guests from the Federal Republic of Germany attended our school from September 1984 to November 1984. During these three months, Gabi Roth from Bad Hersfeld in the province of Hessen and Henrike Hölzer from Munich in the province of Bavaria stayed with their partners' families here in Medicine Hat. Gabi's partner was Grade 11 student Vikki Drysdale, and Henrike's partner was Lori Zvolensky, also a Grade 11 student.

The German girls were here to improve their command of the English language, to learn more about the Canadian way of life, and to see as much of Canada as time permitted. Thanks to their hosts and the government of Alberta, they saw many parks and had a three-day excursion to Edmonton where they were given a tour of the Legislative Buildings, shown the world's largest shopping centre and addressed by Horst Schmidt, Alberta's Minister of Foreign Trade.

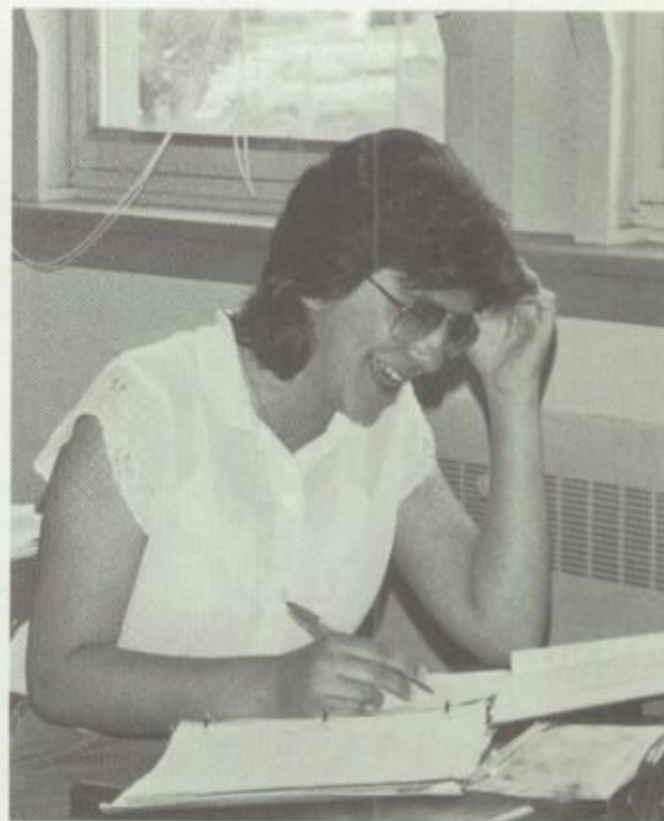

On March 29, 1985 Lori Zvolensky and Vikki Drysdale left Canada for their partners' homes in Germany. Their goal was like that of their German friends: to improve their command of the German language; to learn about the German way of life; and to see as much of Germany as time will permit. As this report is being written both girls have written and phoned home to rave about the success of their experiences.

Vikki Drysdale.

They have visited Switzerland and are planning a trip to Berlin. They are developing German accents and even seem to find German easier when speaking to family members on the telephone.

The girls have received financial help from the school board, the Rotary Club and private individuals. Staff advisor for the exchange is Mrs. B. Watson, MHHS German teacher.

INTER SCHOOL CHRISTIAN FELLOWSHIP

Inter School Christian Fellowship is a part of "Inter Varsity" which is an international organization of clubs active in colleges and universities. I.S.C.F. is designed for the individual to help personal growth and discover and develop talents or abilities. It provides opportunities to work with people, share your realities, learn others and decide what's best for you. As a club in the school, some activities we've done are: skating (ice, roller), gym nights (volleyball, badminton), suppers, caroling, intramurals and a weekend camp-out at Elkwater.

The club welcomes all students without restriction to join and be accepted the way you are.

Repeat Performance!

Tim Krassman and Terry Schafer repeated their 1983 provincial championship win, a unique performance. Valerie Nemeth was a last year's provincial finalist. Noella Seitz, the novice, became a first year champion.

The team's record of 11 wins and no losses in district, zone and provincial championship play clearly demonstrated their dedication and skill in the art of curling. Congratulations!

BASEBALL

For the second consecutive year, MHHS boasts an enthusiastic, dedicated ball club. The team cooperation necessary for success is apparent among these athletes, as personal gains are relinquished to ensure a competitive, yet pleasurable experience.

DRAMA

ANTIGONE

Antigone was a well-performed, well-acted dramatic production staged by the school's Drama 30 class. It was a modernized Greek tragedy. The story is set in the castle of King Kreon (Bruce Kapcala). It revolves around Antigone (Brenda Roth), Kreon's distraught niece, a girl whose brother has been executed and left unburied by the tyrannical King Kreon. She defies her uncle's command and demands proper burial for her brother, and in so doing seals her own fate.

Also starring in the production were: James Umpleby as Naemon, the king's son and Antigone's lover; Barb Griffin as Ismene, Antigone's sister and companion; and Jeff Solhei, as the slow-witted, inebriated first guard. A "cast of thousands" made up the rest of the cast and technical crew. (Written by A. Stonehouse)

SPECIAL AWARD

Stanley Tool Company's NATIONAL COMPETITION

To test Wood-Working and Design Skills
of students, Grades 9-13 inclusive.

Edwin Baedke, (our own 18-year-old student), Medicine Hat High School, entered the above competition and was awarded:

First Prize: — A \$1,000 scholarship and an all expense-paid trip to the Stanley Tool Company in Burlington, Ontario, for a cover story on Edwin and his Building Construction instructor, Mr. Peter Lawson.
— \$500 worth of Stanley Tools for Medicine Hat High School.
— Recognition by others all across Canada of the excellent facilities and instruction provided to Building Construction students at Medicine Hat High School.

Edwin Baedke
and his
Prize Winning
Roll Top Desk

Edwin began his project, a roll-top desk, in September, 1984 and completed it in April, 1985. After many long hours designing and actually constructing the desk, Edwin realized the advantage of having taken Building Construction 10-30 (3 years) and having acquired the necessary knowledge to build his prize-winning masterpiece.

During Edwin's three years of Building Construction, he has constructed a single-pedestal desk, a five-shelf cedar bookcase, two birch night-tables, and many smaller projects, including a rolling pin, a cutting board, a paper shelf designed to file papers, a wooden spoon and serving tray.

Presently, Edwin is working at Kulpe Lumber, making good use of his knowledge of woodworking and carpentry.

6) Reach For The Top

CBC has announced that, instead of canceling the Reach For The top television program this year as planned, they will be extending it for one more season. However, the network will be cutting back on the number of teams competing, and so there will be only eight teams from all of Southern Alberta, including Calgary. MHHS has sent in an application, and our team of Gerrit Winkelaar, Sheldon Regier, Michelle LaBrosse, Darin Piotrowski and Todd Gehring were not chosen as one of the eight teams from the south. Mr. Bahnmler, the coach, felt that the above team was one of the strongest teams MHHS has ever assembled.
